2. The hunter's fee entitles hunter to hunt for 3 days. Should a hunter have a non-hunting guest, the charge for lodging for this guest will be \$150.00. However, this must be agreed upon with **TBR** before arrival at ranch to ensure there is room to accommodate this guest.

3. A **TBR** guide must accompany hunter while hunting.

4. Hunter may shoot the following animals:

(a) One mature whitetail buck (i.e. a buck 4 ½ years of older). The guide will determine whether a buck is a mature buck and therefore shootable at the option of the hunter.

(b) Mature bucks are scored by the Boone & Crockett gross score system. This system will be used by your guide to determine if the buck you harvest is either a management buck or a trophy class buck. Management bucks will be defined as: any mature buck gross scoring 130 B&C or less. Trophy bucks will be defined as: any mature buck gross scoring up to 140 B&C and over. Rates for trophy bucks to be agreed upon.

(c) One wild feral hog.

(d) Furthermore, if hunter shoots at a whitetail buck, but the guide and hunter are unable to find it, this buck will count as hunters buck if visual evidence that the deer was hit is found. Visual evidence that a buck was hit includes such things as drops of blood and tufts of hair lying in a pattern that would indicate a bullet caused the removal of the hair. Hunter's guide will make finding the wounded deer his sole mission for the remainder of the hunt.

(e) Hunter will not be permitted to hunt dove or quail.

(f) Hunter is not permitted to shoot mountain lions.

(g) Hunter is not permitted to hunt turkeys, javelinas, and bobcats. However, these may be available at land owners option and approval. They will also have a harvest fee for each animal.

(h) Although hunter may shoot the above listed animals, hunter recognizes the hunting for animals other than a whitetail buck shall not interfere with the buck hunting of the other hunters.

5. All animals harvested by hunter are to leave ranch with hunter unless arrangements are granted by **TBR** staff.
6. **TBR** will provide lodging for hunter. No alcoholic beverages shall be consumed before the days hunt is legally over.
7. **TBR** shall not be liable for any injuries, deaths, or property damage sustained by hunter on **TBR** even if they are sustained as a result of **TBR**'s sole negligence.

Although **TBR** will try to ensure that **TBR** guides and personnel behave in a responsible and careful manner, hunter recognizes that hunting with firearms, climbing deer stands, and the like involve significant risks of personal injury including poisonous snake bites or any wild animal which could inflict serious injuries to hunter. In recognition of these significant risks, hunter agrees to indemnify **TBR** and its agents or assigns against any claim asserted against **TBR** as a result of any personal injury, death, or property damage arising out of, or incident to, or in conjunction with this agreement or operations as a result of the negligence of **TBR** and its agents or assigns.

8. **TBR** reserves the right to cancel hunter's reservation and to refund his money at any time. Although **TBR** does not intend to cancel reservations arbitrarily, **TBR** will want to make sure that each hunter is of the finest integrity and practices ethical hunting. If information about a hunter comes to **TBR** that causes it concern, **TBR** will simply refund the hunters money. **TBR** will not be required to explain the reason for the refund.

9. This contract is not assignable to any other hunter without the written approval of **TBR**. **TBR** wants to know who will be hunting on the ranch.
